60 minutes before the sexual intercourse.  
Wash your hands with Soap and dry them on a clean cloth.**

# Step 02

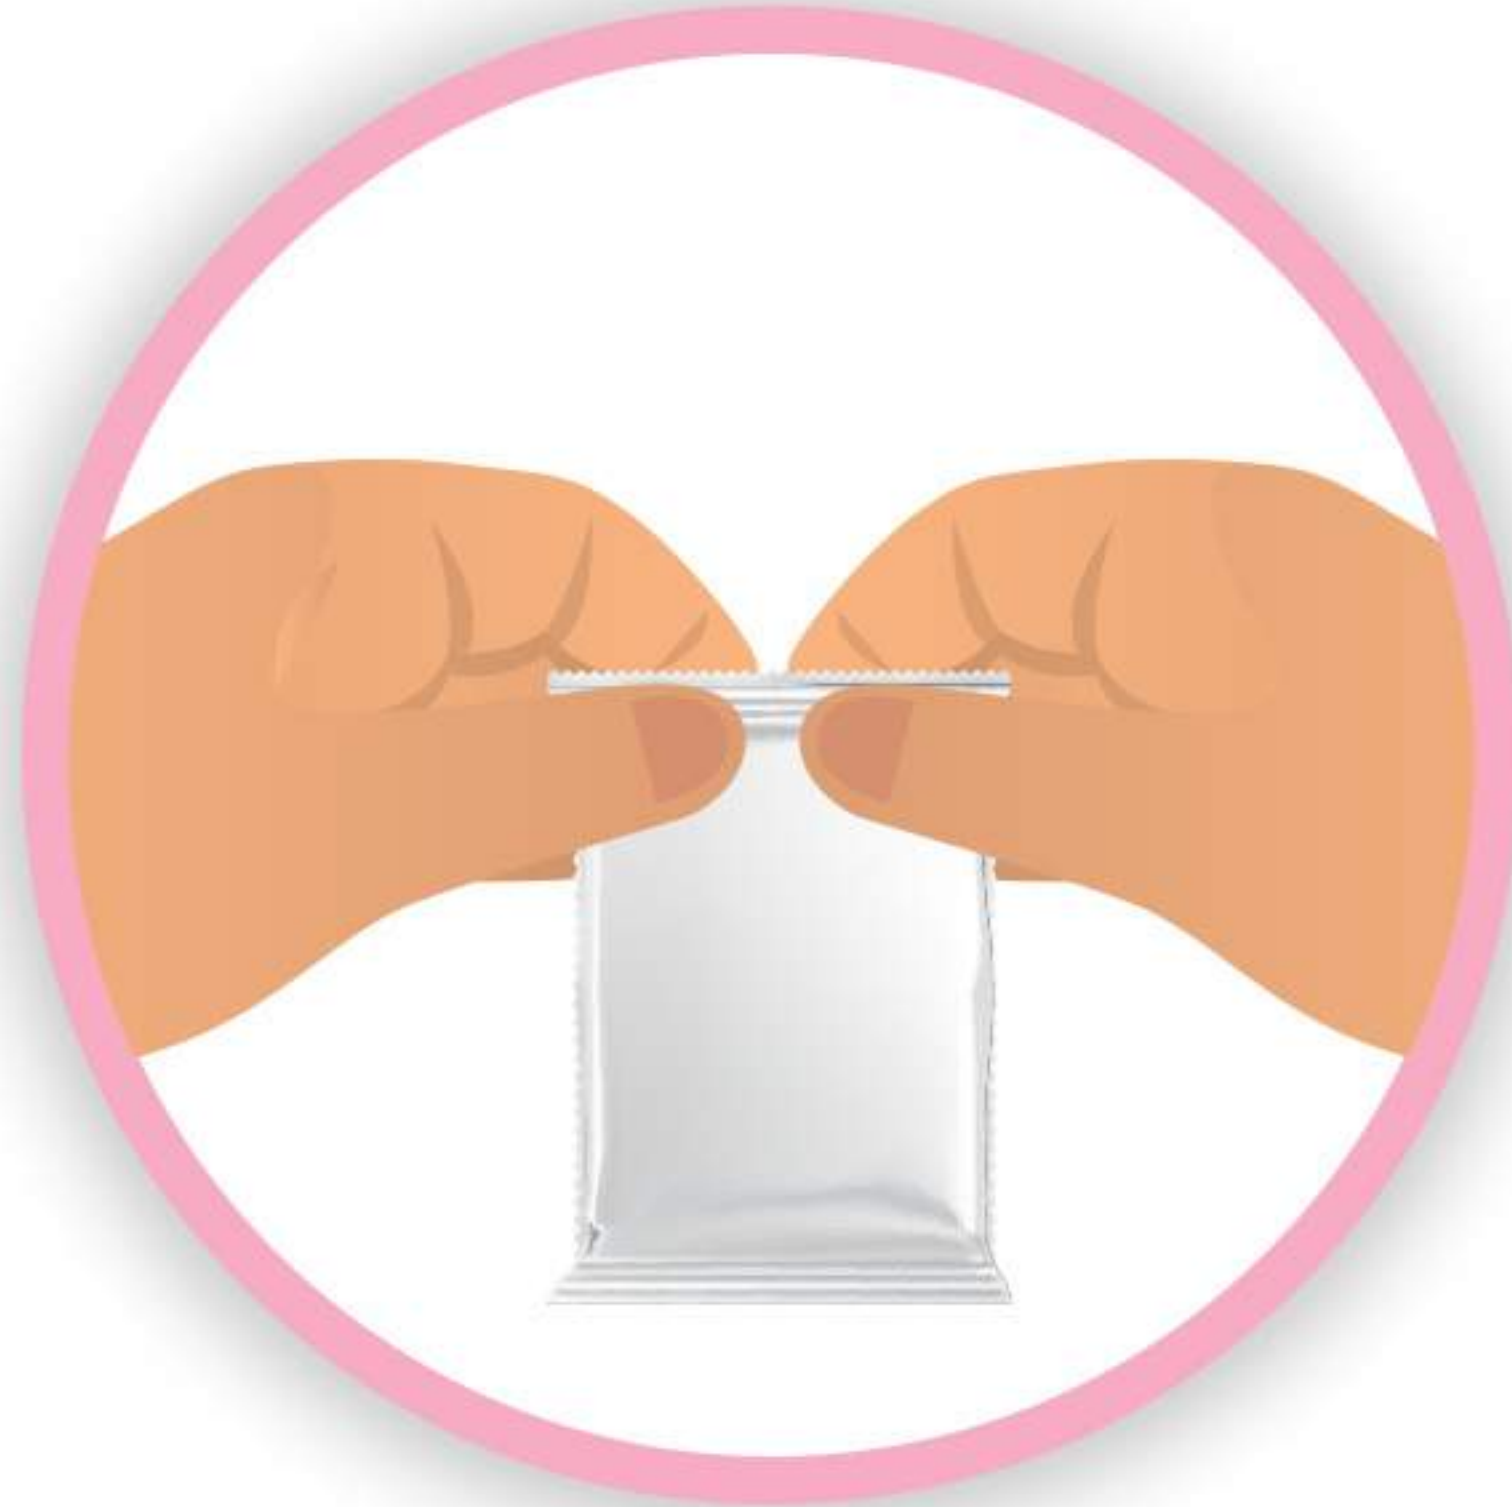

**Take out a single aluminium foil out of the Vaginal Liquid Membrane Box # VLM.**

# Step 03

**Lie down on your back with your knees bent and legs slightly apart.**

# Step 04

**Tear the aluminium foil and take out the Vaginal Liquid Membrane capsule .**

# Step 05

**Use your other hand to hold open the fold of skin around your vagina and slightly.**

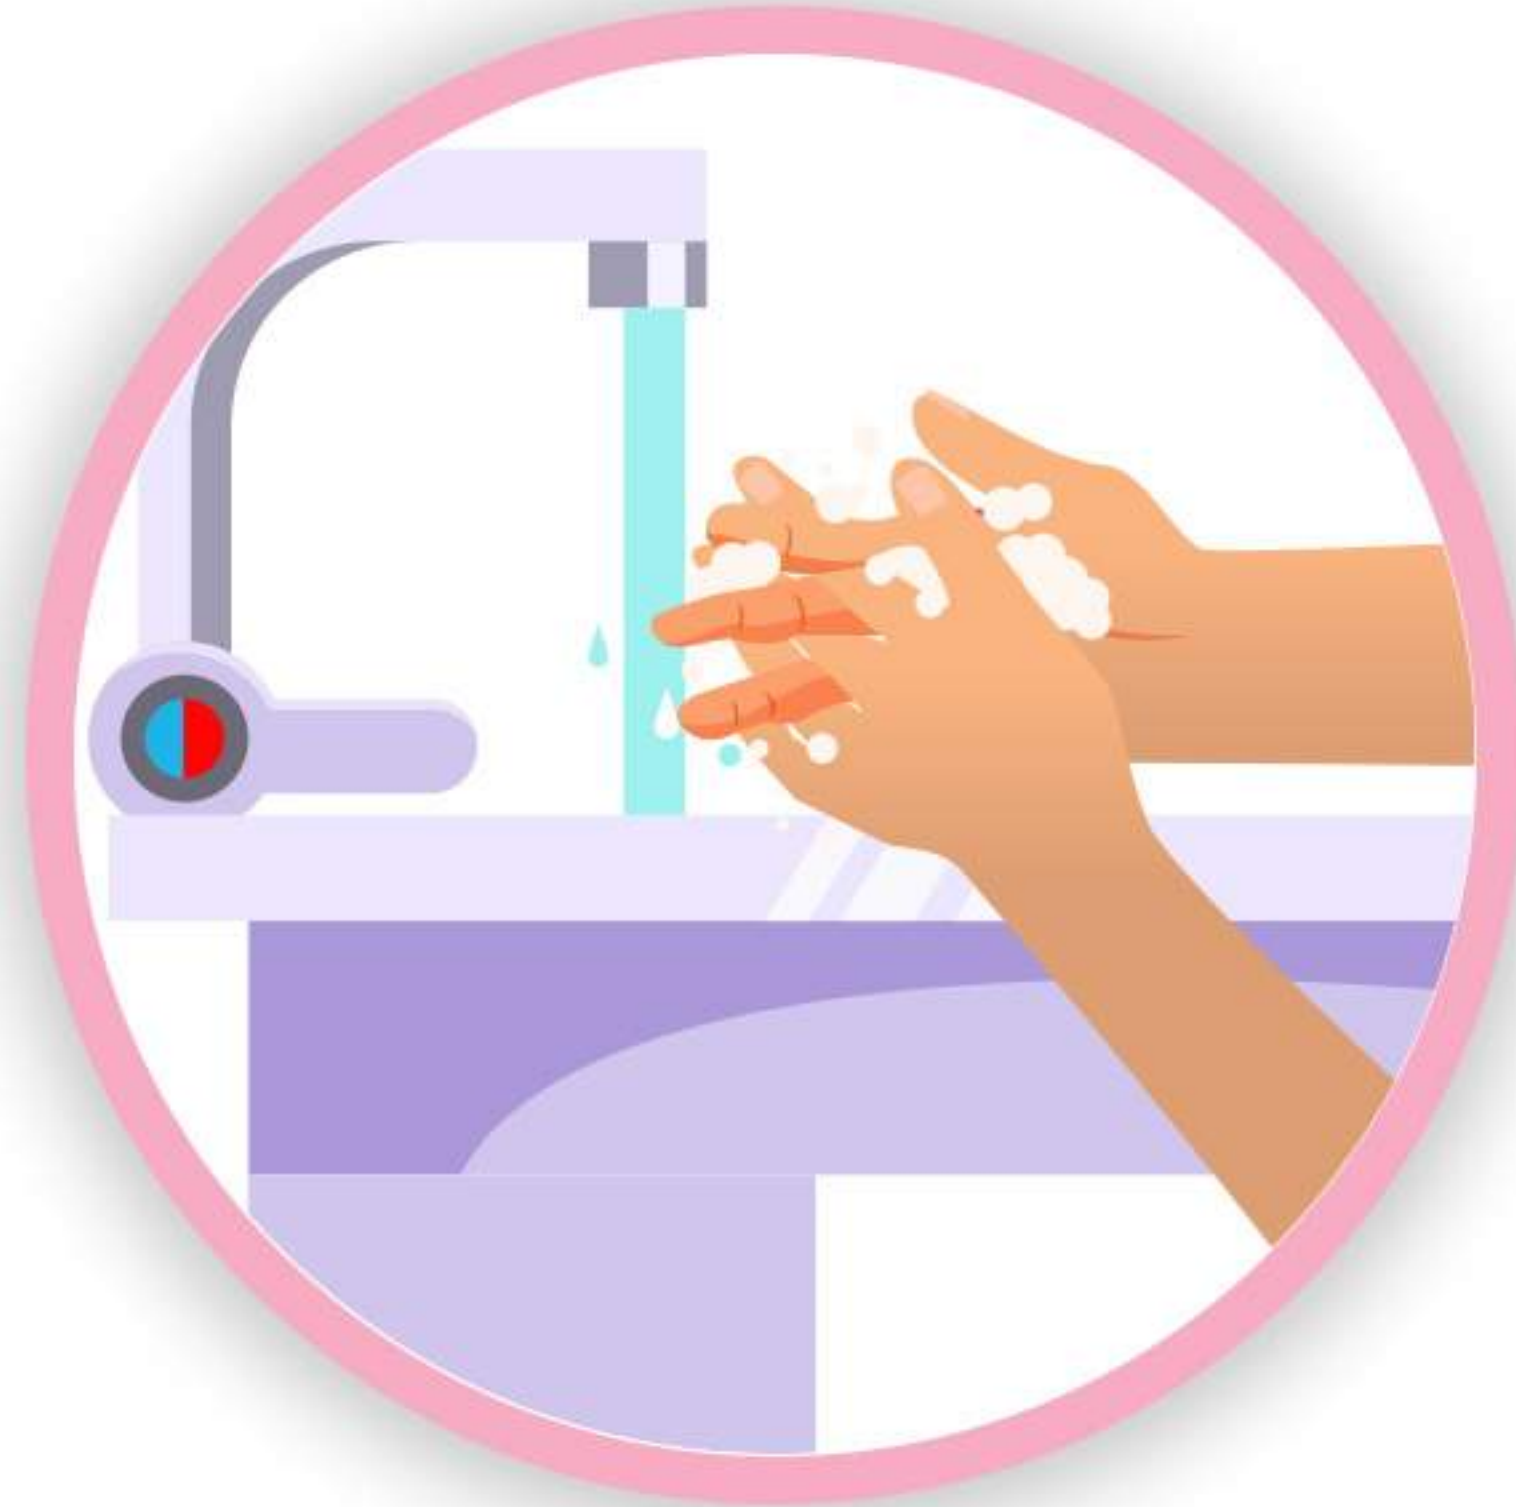

# Step 06

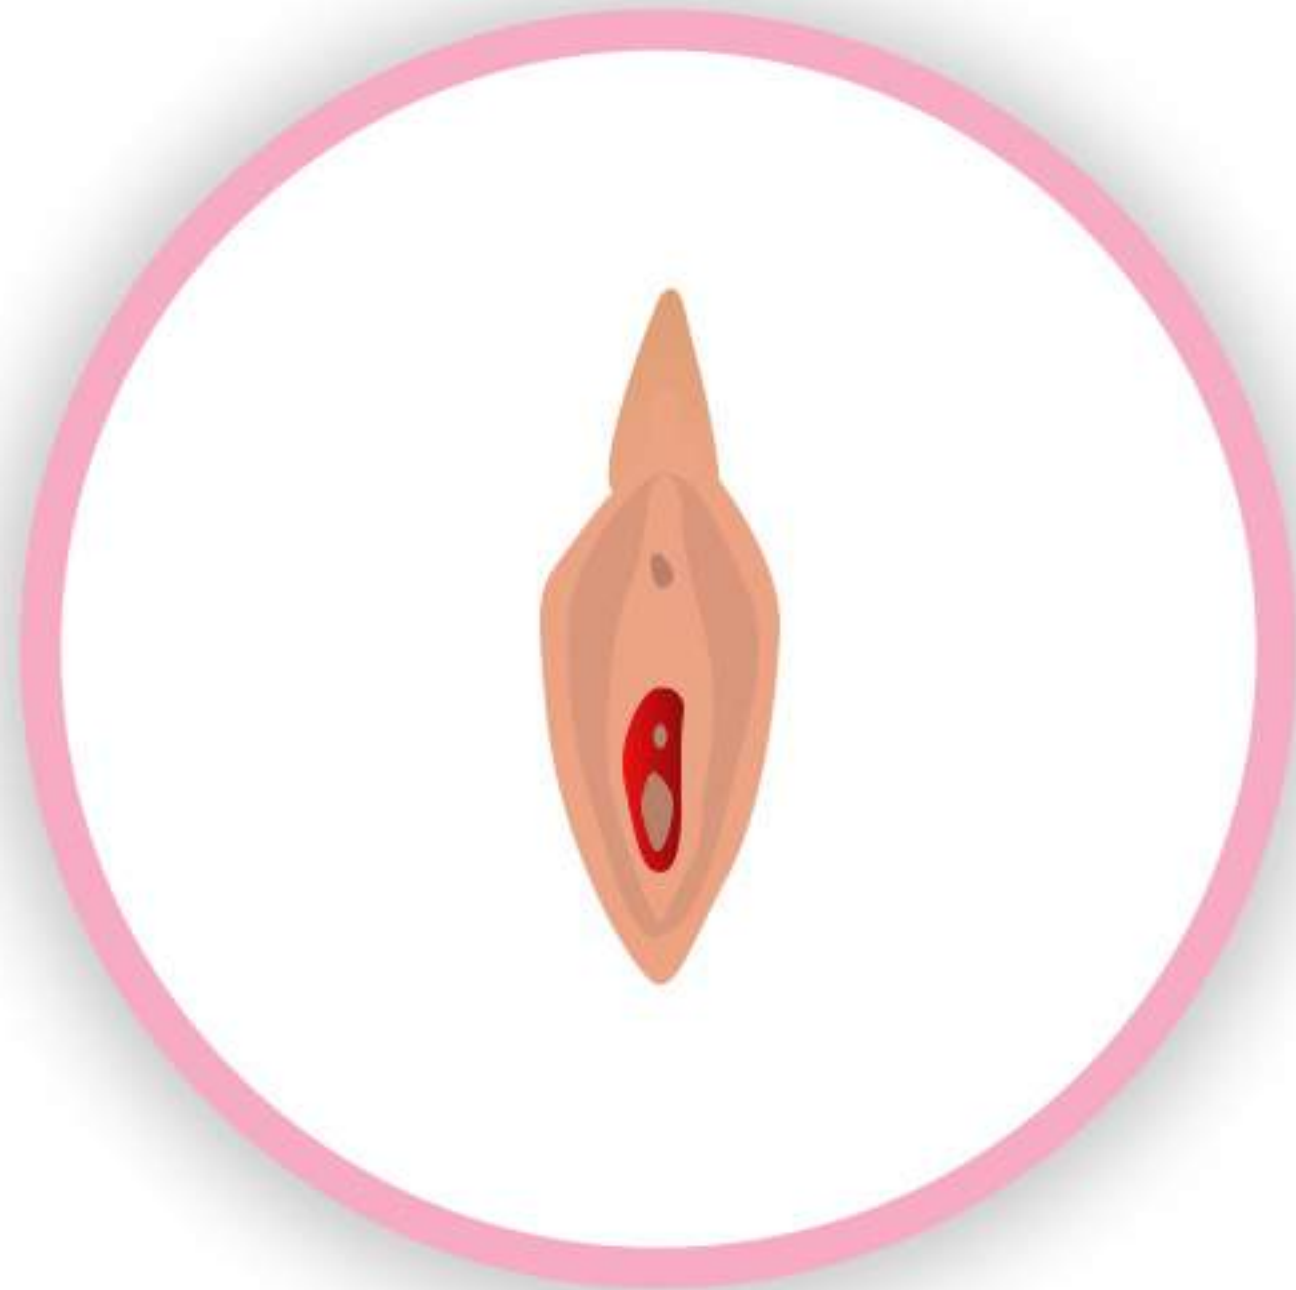

**Insert the Vaginal Liquid Membrane capsule as deep as possible inside your vagina using your index finger.**

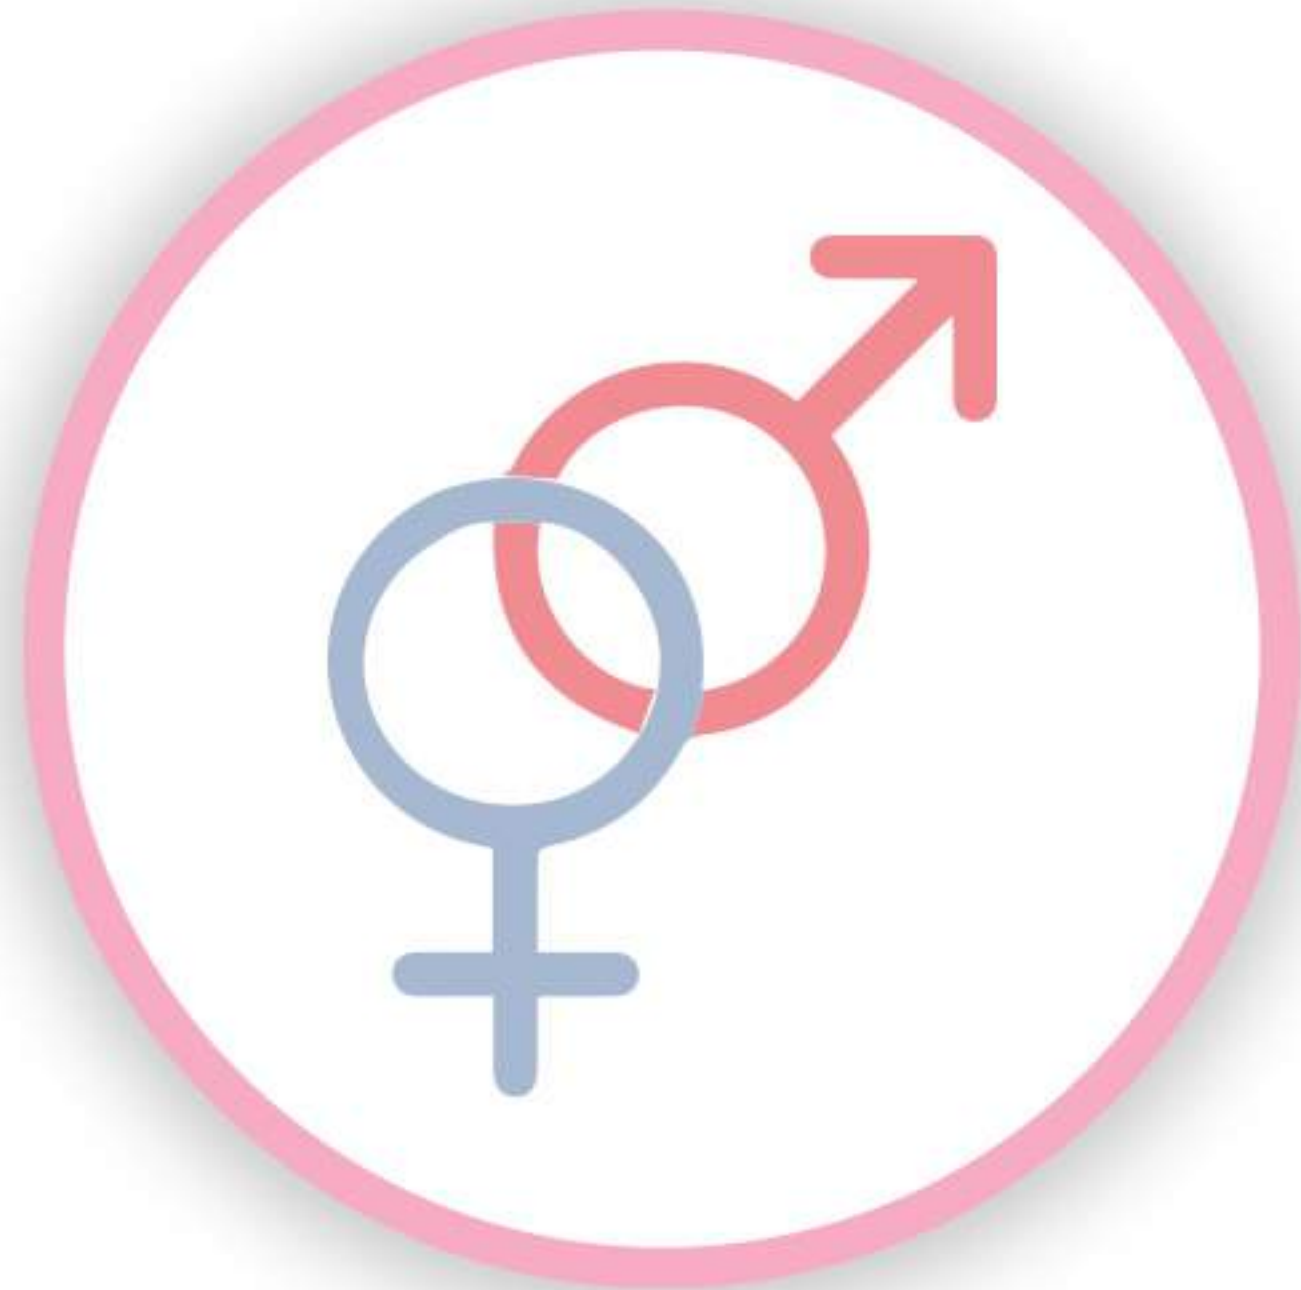

# Step 07

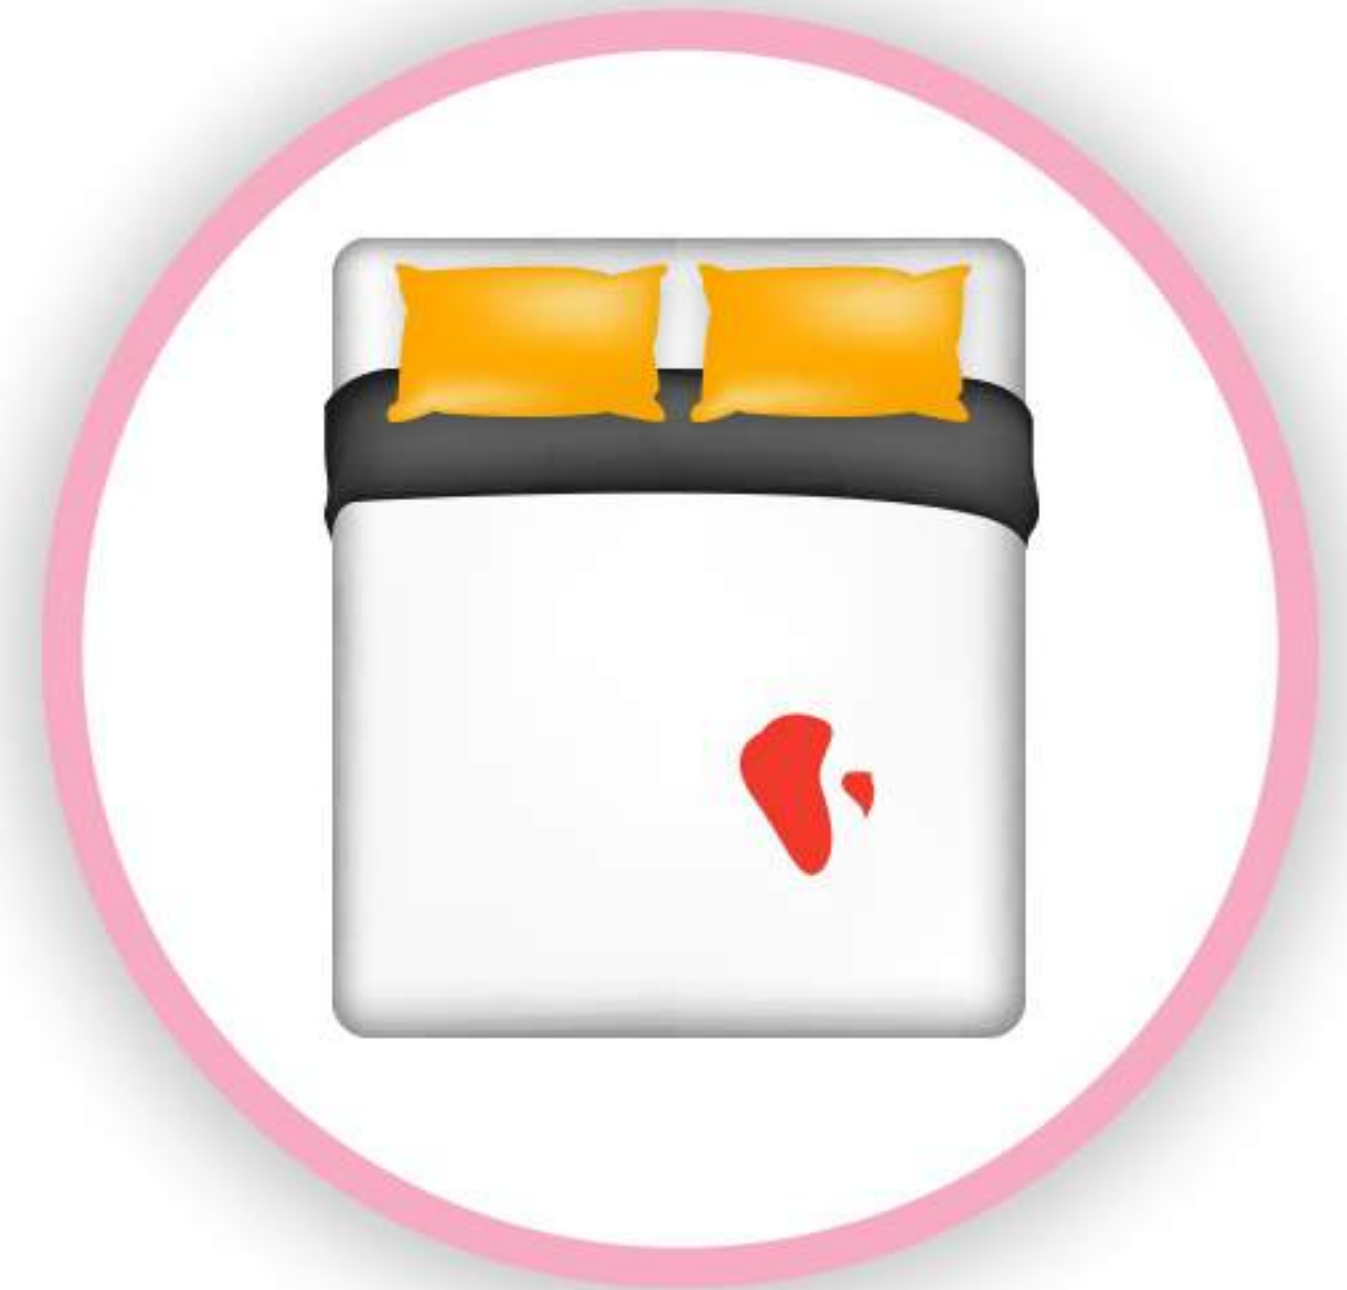

**Wash your hands with soap.**

After inserting the Vaginal Liquid Membrane capsule inside the vagina, it will slowly decompose and dissolve into a thick membrane like layer inside the vagina and will hold form.

During the during sexual intercourse it will give the effect of a slightly tighter vagina.

Will wash when penetrated by the penis together with traces of blood like colour on the penis and bedsheets.
